The Revolution a Failure—Great Victory for the Government Troops.

CITY OF MEXICO, May 30. The events of the last few weeks have all been in favor of the government and indicate an absolutely final overthrow or failure of the revolution. The insurgents have sold and deserted everywhere until the few that remain are rapidly decreasing in number. On the 1st inst. Gen. Trevino gained a great victory in the north of Mexico in Durango over the insurrectionary force. He intercepted and defeated Gen. Canales with 1,500 men, of which they were entirely killed.

Position of the U. P. R. R. Co. to Settle.

WASHINGTON, June 6.—A proposition was presented to the House judiciary committee to-day in behalf of the U. P. R. R. and the C. P. R. R. Co. as a substitute for the House bill recently reported by a majority of the committee. The proposed substitute provides that each of these companies shall pay to the United States Treasury $500,000 per annum for ten years and $750,000 per annum thereafter until these amounts with compound interest shall have created a sinking fund sufficient to liquidate the respective bonds of the said companies and issued by the Government, together with simple interest up to dates of maturity. These payments are to be in lieu of five per cent. payments on account of net receipts and all other monetary requirements. It is also proposed that the companies bonds shall be exempt from taxation under State or Territorial authority and that the existing law, which makes all lands not disposed of within three years subject to preemption entry shall be repealed. The proposition now submitted does not include any provision for selling or reconveying to the Government any portion of the Land Railroad land grants.

The Army Bill.

The House committee on appropriations has made the army appropriation bill and will report it to the House shortly. It foots up a total of $14,600,000 which is about nine million dollars less than the revised estimate. The estimate was $11,000,000 less than the amount appropriated by the bill of last year. The committee have embodied in this bill the provision of a law recently passed by the House months ago to reduce the pay of officers of the army. The committee also insert a provision abolishing the law which limited the transportation of allowances of officers to their actual expenses and restoring the mileage system with a reduction of one eighth of per mile. The appropriation items of the bill are understood to be in their present shape satisfactory to the War Department and to all the members of the committee of both parties.

News from Campo.

CAMPO, June 7.—Col. Bernard's command returned to-day for Jacumbe and started for San Diego. He thinks there is no danger of a general outbreak, but left a small guard for the state agent at Jacumbe. Indians and Mexicans are reported camped in a strong position a short distance below the line.

A gentleman who arrived last evening from Lower California, reports that when passing the Mexican camp in Jacumbe Pass, he was required to go around the camp and not allowed to come in. He represents that the Indians and Mexicans number about 100. He says they said they did not want any difficulty, but wanted the surrender of the person who killed the Indian week before last, to be sent to San Rafael for trial, and are only keeping the two herders as hostages. The party have a strong position and any attempt to dislodge them would be difficult.

The Daily Oregonian.

THURSDAY MORNING, JUNE 8, 1876.

THE RESULTS.

The results of the election as shown by the returns which have already been received indicate that the next legislature will be nearly equally divided between the Republicans and Democrats. Of the new senators the Republicans elect seven, the Democrats seven and the Independents one. Of the representatives the Republicans elect thirty, the Democrats twenty-seven and the Independents three. The holding over senators include four Republicans and eleven Democrats. The next legislature will therefore stand politically as follows: Democrats—Senate, 18; House, 27. Republicans—Senate, 11; House, 30. Independents—Senate, 1; House, 3.

Neither party has a majority on joint ballot: the Democrats lacking one and the Republicans five, to make up the necessary number. In making this estimate we have credited the Democrats with all the doubtful cases; so that when the official returns come in, the estimate may have to be corrected, and it may finally turn out that the Democrats have been less and the Republicans more fortunate than the above estimate indicates. But this is, at any rate, a great gain for the Republicans, over the last election in which legislators were chosen. The Democratic majority in the last legislature has been reduced so that it is practically nothing. An examination of the vote in detail will show that the State has changed its political standing and is now Republican by a considerable majority, which will insure the election of Mr. Williams next fall over Mr. Lane. The full returns, published in another column, will also show the extent to which the people availed themselves of their right to choose whom to vote for, as in scarcely any county has either party voted a "straight" ticket. But whatever the result, it is no bad sign for voters to use their right of suffrage independently and not merely according to the dictate of party managers. It is nearly always best to vote "straight;" but it sometimes happens that this cannot be done conscientiously; and then it is far better to vote a scratched ticket than, as is usual, to refrain from voting. Voting is a duty as well as a right, and should be done, as all other duties, both faithfully and honestly.

ATTENDANCE AT THE EXHIBITION.

Although the entrance money received from the visitors to the Exhibition is by no means the only source of revenue from which the means of paying its expenses will be derived, it is the principal one, and the financial success or failure of the Exhibition will largely depend upon the amount received.

The Philadelphia *Times* contains a carefully prepared statement comparing the attendance at the late Vienna Exposition and at the expositions at Paris and London. The *Times* says: "The number of paying visitors to the Exhibition during the first fourteen days, foot up 258,555, or a little more than a quarter of a million, giving us a daily average of 18,468. That this number is relatively as well as actually large, may be shown by a comparison with the admissions in the corresponding period of each of the three great exhibitions of London, Paris and Vienna. During the first fourteen days at the London Exhibition of 1851, the paid admissions numbered 285,964, an average of 20,426 daily. At Paris, in 1867, they were but 726,414, or 8,958 daily. At Vienna there was no register of the attendance on the opening day nor on the fourteenth day of the exhibition, but in the intervening twelve days the paid admissions amounted 62,084, a daily average of only 5,190."

It will be remembered that the only one of those three Exhibitions which was a financial success, was the London Exhibition. The attendance at Philadelphia thus far, exclusive of non-paying visitors, is more than three times as great as that at Vienna during the same time and twice as great as that at Paris. It does not quite equal that at London, but it is not far below it. It is stated that the attendance at all former Exhibitions was less during the first few weeks than at any subsequent period. Thus at London, during the last twelve days of the first month, there was a paying attendance of 414,863, or 34,574 a day, and during the second fortnight at Paris there were 316,015 paying visitors, and at Vienna 151,673, an average of 24,907 and 11,668. If the rate should hold good, and there is no reason to doubt that it will, there is every reason for believing that the attendance at Philadelphia will be sufficient to insure the success of the Exhibition.

THE CINCINNATI DELEGATES.

The following statement, showing the probable strength of the Presidential candidates at Cincinnati, has been compiled chiefly from the New York *Times*: Of the 752 votes, Blaine has 287; Morton, 119; Bristow, 109; Conkling, 93; Hartranft, 58; Hayes, 48; Jewell, 10; Washburne, 1, and Unknown, 27. Some of Mr. Blaine's friends say that he will receive the following votes: The New England delegation solid, 82; New Jersey, 18; Delaware, 6; Maryland, 16; Virginia, 18; North Carolina, 10; Georgia, 12; Mississippi, 8; Tennessee, 5; Texas, 3; Oregon, 6; California, 10; Colorado, 4; the Territories, 18; Kansas, 10; Nevada, 6; Missouri, 16; Minnesota, 10; Wisconsin, 22; Illinois, 41; Michigan, 16; Iowa, 22; and Florida, 8. In this estimate are included some thirty or forty votes which are claimed for Mr. Bristow by his friends.

Blaine's chances have been greatly strengthened by the events of the past few days. The feeling of depression, mingled with disgust, which was experienced by Mr. Blaine's supporters has given way to the liveliest enthusiasm. Whoever were wavering are now firm, and it is not at all improbable that the Maine statesman will be nominated on the second ballot. But lest his friends should be too sanguine, it should be borne in mind that a precisely similar state of things existed prior to the Chicago Convention in 1860, when Mr. Seward led all his rivals as Blaine now does, and was considered as sure as he is of the nomination. But the Great Unknown, whom Blaine now fears, appeared then in the person of President Lincoln, and Seward was defeated. Who the great Unknown now is and whether Mr. Blaine is destined to meet with Mr. Seward's fate, the next few weeks will fully determine.

The following returns are from all but three small precincts, which will make no material difference in the result. The county has gone Republican entire:

Senators—Republicans, Applegate, 639, Colvig, 719; Democrats, Dean, 510, Huntington, 528; Independents, Owens, 444, Hermann, 454.

Representatives — Republicans, Benjamin, 680, Kirkpatrick, 676, Grubbe, 633, Melvin, 779; Democrats, Bean, 616, Medee, 580, Day, 484, Smith, 535; Independents, Burchard, 392, Wells, 328, Drain, 325, Cornutt, 306.

Sheriff—Noble, Rep., 764; Rice, Dem., 528; Riddle, Ind., 423.

Clerk—Williams, Rep., 705; Dillard, Dem., 497, Stephens, Ind., 487.

Treasurer—Raymond, Rep., 539; Wright, Dem., 427; Haynes, Ind., 458.

Commissioners — Reps., Brockaway, 582, Wheeler, 600; Democrats, Sewart, 477, Stark, 490; Independents, Beckley, 508, Burnett, 450.

A report from the remaining precincts says that Wright, for treasurer, is only one vote behind Raymond.

LATER.

ROSEBURG, June 7.—According to the best information, the majorities in Douglass county are for Judge, Watson, Republican, 210. District Attorney Higby, Republican 183; Senators, Colvig, Rep., 191, Applegate, Rep., 129; Clerk, Williams, Rep., 208; Sheriff, Noble, Rep., 236; Representatives, Melvin, Rep., 163, Benjamin, Rep., 100, Kirkpatrick, Rep., 141, Goubbe, Rep., 154. The entire county Republican ticket elected.

CANYONVILLE, June 6.—The election passed off quietly here yesterday. The Republicans have an average majority of ten on the Legislative ticket. The Independent ticket polled nine votes. Total number of votes polled 203, being the largest ever polled in this precinct.

Josephine.

JACKSONVILLE, June 7.—Returns from Josephine county show that Harkness, Republican, has been elected Senator by from ten to twenty majority. Fiddler, Democratic Representative, is elected by about fifty majority. S. Messenger is elected on the People's ticket for Sheriff by a very small majority.

Washington.

District Attorney—Stott, Rep., 604; Strong, Dem., 316.

Senator—Watt, Rep., 474; Richardson, Ind., 424.

Representatives—Reps.: Gaffit 451, Tozier 486, Denny 455; Inds.: Handley 431, Fanning 469, Dustin 424.

Sheriff—Morgan, Rep., 550; Marrow, Ind., 378.

Clerk—Matthews, Rep., 423; Luelling, Ind., 509.

Commissioners—Rep.: Thompson 427, Day 412; Inds.: Buxton 498, Tucker 506.

Treasurer—Wilcox, Rep., 421; Simmons, Ind., 507.

Assessor—Young, Rep., 503; Flippin, Ind., 517.

Surveyor—Smith, Rep., 555; Withycombe, Ind., 390.

School Superintendent—Robb, Rep., 472; Bailey, Ind., 459.

Coroner—Meek, Rep., 216; Wehring, Ind., 622.

Yamhill.

Senator — Burbank, Rep., 565; Bradshaw, Dem., 621.

Representatives — Reps: Henderson 543, Lawson 560, Littlefield 526, Dems.: Fenton 637, Ferguson 581, Goucher 585.

Sheriff—Hubbard, Rep., 483; Dale, Dem., 608.

Clerk—Redding, Rep., 561; [illegible]rs, Dem., 727.

Treasurer—Bird, Rep., 601; [illegible]ance, Dem., 625.

School Supt.—Story, Rep., 578; Cake, Dem., 628.

Assessor—Ford, Rep., 563; Phillips, Dem., 624.

Surveyor — Handley, Rep., 595; Harris Dem., 611.

Coroner—Spencer, Rep., 633; Payne, Dem., 601.

The above are the figures from all the precincts except Sheridan, which changes the result so that the Republicans elect J. J. Henderson representative, J. Bird treasurer, and J. J. Spencer coroner. There was much scratching by Republicans at Lafayette and McMinnville. A strict vote would give the county to the Republicans.

LAND FOR IMMIGRANTS.

Choice Farms for Sale.

4,000 ACRES, IN QUANTITIES TO SUIT PURCHASERS.

230 ACRES ONE SOUTH AND ADJOINING the Railroad Depot at Salem; all under cultivation, and suitable for grain or vegetables.

940 Acres, four miles southeast of Salem, on the railroad, with Mill creek running through it. This is the choicest farming land in Marion county with fine springs, consisting in part of the old Rector donation claim, on which I raised the past year fifty bushels of wheat and three tons of timothy per acre. The first crop of oats ever raised on part of this land measured ninety bushels per acre; grain weighed and ground chained by Mr. Alfred Stanton, of Salem.

2,700 Acres of prairie and light brush land, with timber for farming purposes, bounded by the Willamette River for four miles, beautiful lake on the east, boat landings all along the river, commencing four miles north of Salem—all choice grass land—the largest and most suitable body of land to be found in the Willamette Valley to be purchased by a colony. To be sold from $15 to $25 per acre. This land will all be immediately resurveyed, and can be sold in larger or smaller parcels, to suit purchasers. It can be subdivided to the best possible advantage, and I can offer any person or persons, or colony of persons, desiring to purchase homes in the best part of the Willamette Valley, near the city of Salem and within reach of the best social advantages, as well as most favorably located with respect to market, greater advantages, on more favorable terms, than they can ever expect to realize again.

Very properly it has been suggested that the city should be redistricted with reference to voting. If the boundaries of the respective city precincts were so arranged by the county court that the votes cast at each polling place were more nearly equalized it would be a great convenience to the judges and clerks as well as to the general public.
